

Medical Affairs Certificate Program

Elevating Medical Affairs Professionals in Switzerland to the next level

A modern Medical Affairs professional working in Pharma, Biotech or Medical Device Industry, needs to successfully maneuver between a diverse range of internal and external stakeholders as well as extensive regulations.

“A great Medical Affairs associate to me is someone who has, obviously besides the scientific and medical expertise, a profound patient- and HCP-orientation, is a great communicator and orchestrates interpersonal and cross-functional relations prudently”.

- Dr. Daniele Andreutti, General Manager OM Pharma Suisse SA

Swiss Medical Affairs Certification Program powered by shqa. Designed by Medical Directors of Swiss Pharmaceutical Affiliates. The Medical Affairs certification program addresses exactly the needs of you as an individual contributor and the needs of your employer.

Steering committee

The shqa Medical Affairs Certificate Program’s volunteer-based steering committee consists of diverse leaders across the Swiss Medical Affairs community. Our committee is integral to the development, sustainability and progression of the program. The committee advises on future strategy & direction and critically reviews the content development. Moreover, the members advocate for the shqa Medical Affairs Certificate Program to make it an invaluable Swiss resource for Medical Affairs professionals as long-term goal.

Their broad knowledge and extensive experience with the Medical Affairs profession will have a positive impact on the broader Medical Affairs community including helping Medical Affairs professionals and their leaders with their professional growth and development.

Meet the steering committee members:

- Dr. Caroline Vonder Mühl, MD, Medical Director Bayer Schweiz AG
- Dr. Anne Le Coz-Iffenecker, MD, Medical Director Biogen Switzerland AG
- Dr. Mascia Ghielmetti, PhD, Director Medical Affairs EffRx Pharmaceuticals SA
- Dr. Olivier Schorr, MD, Medical Director Gilead Sciences Switzerland Sàrl
- Dr. Anna Katharina Moser, PhD, Lead Medical Organizational Development and Change Management, Novartis Pharma Schweiz AG
- Dr. Kathrin Stirnemann, PhD, Head of Medical Customer Engagement, Roche Pharma Schweiz AG
- Dr. Matthias Langenfeld, MD, Medical Lead Switzerland, Ipsen Pharma Schweiz GmbH

Target audience

The program is primarily designed for Medical Affairs professionals or those aspiring to become one in Switzerland. A scientific and academical background is recommended.

Your wins as shqa certified Medical Affairs professional

As an individual pharmaceutical Medical Affairs professional you gain deep insights and learnings into key aspects of your daily work. Moreover, you profit from experts in the industry, which openly share relevant examples. The pedagogical module concepts encourage you to engage in hands-on work and active exercises to be prepared for your day-to-day work. The network of industry peers you will establish, will continue to serve you as invaluable resource, offering opportunities for sharing experiences, ideation, and camaraderie despite the competitive nature of the pharmaceutical industry.

Company gains from a shqa certified Medical Affairs professional:

Your employer gains in you a shqa certified Medical Affairs professional, who combines broad, practical knowledge with scientific rigor, business acumen and health care system understanding. It is challenging for companies, to offer such a concise, comprehensive professional education to you as associates in terms of time, money, and resources. This task can be outsourced to shqa. A certified Medical Affairs professional allows the company to economize resources and time, which can be invested on flawless execution of strategical and tactical plans. The company benefits from the expertise of Medical Affairs professionals such as yourself, who can provide a thorough and highly relevant cross-functional impact in a faster manner. Your in depth understanding of underlying reasons for regulations, of financial

flows, and of profound knowledge of the HCS stakeholder ecosystem makes you an invaluable, highly effective partner in cross-functional teamwork and prevents considerable risks.

In 6 modules to the Swiss Medical Affairs Certification by shqa: ^

The certification program consists of 7 modules A-G. Modules A-F are required to achieve full Medical Affairs shqa certification; module G is optional. Modules can be booked individually, in any order. After completion of modules A-F, you have the opportunity to continue to a shqa diploma. For each module completed, you will automatically earn SwAPP accreditation points (one SwAPP accreditation point = one invested study hour). Our program is as well accredited by ECPM University of Basel. You can apply for ECTS credit points after completion of each module (one ECTS credit point = 30 invested study hours). In order to receive one ECTS credit point for participation in a specific module, candidates must submit a written module thesis, which also serves as an assessment of their learning progress as required by ECPM. Respective thesis content as well as terms and conditions will be agreed on between the applicant and shqa case by case.

Modules: All modules follow a hands on, practical approach underlined with industry examples
